# Kill V. Maim by Grimes

I got in a fight, I was indisposed  
I was in despite all the  
wicked prose  
But I'm only a man  
And I do what I can

I got friends in high places,  
I get out for free  
I got in a fight but they  
don't know me  
'Cause I'm only a man  
And I do what I can

B-E-H-A-V-E  
Arrest us  
Italiana mobster  
looking so precious  
B-E-H-A-V-E  
Never more  
You gave up being good when  
you declared a state of war

I don't behave, I don't behave, oh  
I don't behave, I don't behave, oh  
I don't behave, I don't behave, oh  
Are you going to the party? Are  
you going to the show?

I did something bad, maybe I was  
wrong  
Sometimes people say that I'm a  
big time bomb  
But I'm only a man  
And I do what I can

What are some commons between these topics?

Possible connections?

Why I like the song?

how people can react/interact more directly with these social issues?

what's my attitude and opinions toward these topics?

How am I gonna visualize them?

Objective

appreciation  
raise  
awareness

of the song by visualizing it in  
an interactive design

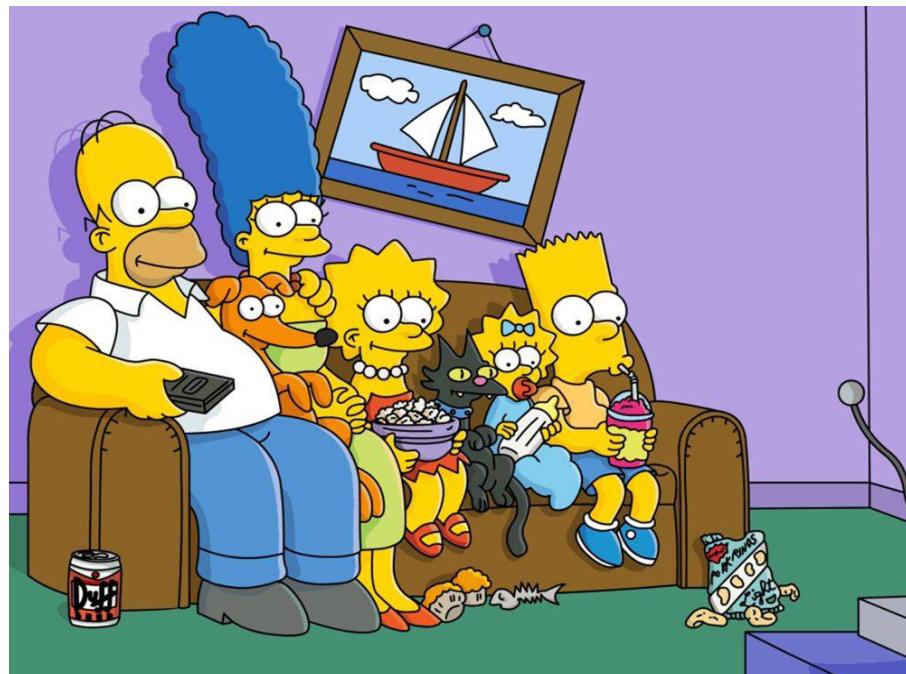

of the social problems and  
concerns related to the song

express

my attitude and my way to amend the situation as an artist
